

Be part of Project HOPE Travel Team with **WATTS OF LOVE**

Ilin Island, Occidental Mindoro, Philippines, 2015

ABOUT THE TRIP

Join our team for our first-ever group missionary trip to Ilin Island in the Philippines, where 100% of locals live without access to electricity. Be the light in their lives while providing solar lanterns, love and HOPE to those who need it most! Here, you will help distribute solar light relief and take part in training recipients to operate their new solar lights to increase their income. As part of the Watts of Love Project HOPE team, you will fully immerse yourself in the Filipino culture in this once-in-a-lifetime opportunity to shine God's light in areas of great need, including remote island communities, a feeding program and a village built inside of an active garbage dump.

Our destination is adventure! Reserve your spot and enjoy an extraordinary stay at the Grace Island Resort for rest and relaxation surrounded by crystal-clear waters. Limited space available, so don't delay—come and join us to spread the light of His love!

DATES & PLACES
